

Roller Shutters

Sunteca

Sunteca

Sunteca Roller Shutters offer so many benefits they really are an excellent investment. Lightweight yet extremely strong, the curtain consists of an aluminium skin injected with a polyurethane foam for added strength and insulation qualities.

Security - Sunteca Roller Shutters give you peace of mind and present an immediate visible deterrent, protecting your home.

Insulation - Thermal insulation properties that reduce the effects of the summer heat as well as retaining the warmth during the colder winter months. Your power bills will be lower.

Noise - Sunteca Roller Shutters reduce noise entering your rooms from outside, even if you live on a busy road.

Light - Darken your rooms during the day. Excellent for shift workers.

Privacy - Offering privacy 24 hours a day when needed or they will roll up out of the way into a headbox when not required.

Bushfires - Testing carried out in conjunction with the CSIRO has resulted in an appraisal certificate for the protection against radiant heat from bushfires.

Reduced Power Bills - Substantially reduce your heating and cooling costs all year round. Sunteca Roller Shutters are an excellent investment, plus you are helping the environment!

Airflow - By adjusting the slats you allow airflow when required.

Motorised or Manual - The choice is yours to suit your needs and your budget. Operated from inside your home for added security and convenience.

Colours - Wide choice to suit your decor.

Sunteca Roller Shutters prevent the sunlight from fading your carpets, furnishings and window frames, thus saving you money. All are custom made to suit your windows and are manufactured in Australia. ISO approved.
